Science Uncovered

European Researchers' Night

Lightning Talks

Top Floor

- 17.10 Haber Bosch and the Start of the Second Iron Age
- 17.20 The Amazon as horticultural artefact and why it matters
- 17.30 Disadvantaged Maths Learners: Who, Where, and Why They Are?
- 17.40 Enzymes - Nature's Catalysts
- 17.50 Cancer Research - A Mancunian Story
- 18.00 Using Modern Technology to Treat Arthritis
- 18.10 Engineering Sport
- 18.20 To improve the treatment of wet Age-related Macular degeneration
- 18.30 BREAK
- 18.40 Feed me! How Plants Can Tell Us What They Need
- 18.50 What Are Whiskers For?
- 19.00 Imaging the Microcirculation
- 19.10 Tying Up Long Molecules - Why Knot?
- 19.30 Hunting for Pulsars
- 19.40 Why Are People from Different Cultures Not Getting Help for Dementia?
- 19.50 GGDOT - Greenhouse Gas and Dietary choices Open source Toolkit
- 20.00 Using Urban Green Spaces To Improve Wellbeing

- 20.10 The Gut Microbiome

- 20.20 What is Mental Health?

Story Telling

Nature Discovery

- 18.00 All Good Things Come to Those Who Snake
- 18.30 Things I have learned from the rainforest
- 19.00 Discovering a Sylvia's Tree Frog
- 19.30 Anything you can do, I can do.
- 20.00 Would You Like to Live Next to Elephants?

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 819158

#EuropeanResearchersNight

Research Stations

Fossils Gallery

- Before You Were Born
- Psychic Fish
- Using Green Space To Improve Wellbeing
- Taxonomy and Museology

Living Worlds

- Drosophila – Our Little Helper
- Light for Life – Imaging Blood Flow
- Making the Invisible Visible: Communicating Air Quality in the City
- Meteorite Hunt
- The Gut
- The Kidney
- Nerve Cell Derby

Nature's Library

- Molecular Machines – Nanotechnology of the Future?
- Engineering Tennis
- Pulsar Hunters
- GGDOT – Greenhouse Gas and Dietary choices Open source Toolkit
- Bones of Contention
- Using Novel Materials To Treat Diseases
- Life After Dark
- Data Saves Lives
-

Top Floor

- Beating Cancer Sooner Through Personalised Treatments
- 2D or Not 2D
- Brain Bus
- Nature Through Roman Eyes
